MathRelaxing Editorial Resume Kit

How to use your templates

What's included

- **01_ATS_Resume_Template.docx** — pure white, portal-safe (no background)
- **02_Editorial_*.docx** — five elegant background styles (cream page + semi-transparent art)
- Cover letter + references matching the default editorial style
- Filled STEM samples + Sample PDF
- **backgrounds/** folder — PNG style pack to swap or recolor yourself

Background styles (Editorial)

Each Editorial resume already embeds one semi-transparent background behind the text:
1. Cream Veil · 2. Scientific Grid · 3. Gold Geometry · 4. Phi Whisper · 5. Navy Edge

To change style: open the matching **02_Editorial_Style_*.docx**, or in Word:
Header → select the background image → Replace Picture → pick another file from **backgrounds/**. Keep "Behind Text" wrap so type stays readable.

Microsoft Word

Open any .docx → replace text → File → Save as PDF. Prefer Georgia/Calibri as shipped.

Google Docs (free)

1. Upload .docx to Drive → Open with Google Docs
2. Note: Docs may flatten fancy backgrounds; for full elegance export PDF from Word/Pages first.

ATS tip

Use the **ATS** template for company portals (no watermark). Use an **Editorial** style when emailing a hiring manager or sharing a portfolio PDF.
